Previous Concessionnaires : *Devon & Agip*

Source Rocks : - *Cretaceous (Campanian Brown Limestone).*
- *Lower Miocene Globogerina Marl.*

Reservoir : - *Miocene sands of Kareem and Rudeis formations.*
- *Pre-Miocene porosities (Matulla Fm. & Nubia sands).*
- *Fractured Basement*

Nearby Discoveries : *GS 345, Nessim, Gamma, Amal, Waly & Sidki oil fields.*
